## Skill Level:

Intermediate challenge if done using bobbin method; beginner challenge if done using cross stitch method

**Size:** 7" square

## Materials:

Worsted weight yarn in colors of your choice; colors used in example:

- 1 - Pale Yellow
  - 2 - Peach (or skin color of your choice)
  - 3 - Violet
  - 4 - Sky Blue
  - 5 - Medium Green
  - 6 - Light Brown (hair color of your choice)
  - 7 - Gold
- Hook: H

**Gauge:** 4 rows sc = 1"; 7 sc = 2"

## Instructions:

Using graph as guide, with blue, ch 22, sk 1st st, sc in each st to end - mark this side as front, ch 1 turn, - 21 sc.

**Cross Stitch Method:** Continue to work on 21 sc per row for 21 rows, end off, weave in ends. **Note:** square will measure 6"x 6" at this point.

With each sc counting as one sq on graph, use colors suggested or of your choice to cross stitch the design onto the 6"x 6" square.

**Note:** Use care to keep tension on cross sts even so as not to cause any puckering or pulling of work. Weave in ends.

**Bobbin Method:** Prepare yarn bobbins. For this square, I used the blue directly from the skien, and wound small balls of the other colors. I used floss bobbin cards since I only needed small amounts. I used 2 green bobbins; one for the left sleeve trim and neck trim, and the other for the left sleeve trim and hem. I also used 2 peach bobbins; one for the left hand and face, and the other for the right hand and feet.

Following chart, complete sq, tying on color bobbins as needed and keeping unused colors to the back of work. As each bobbin is finished, tie off securely. At end of 21st row, end off. Weave in all ends.

**Border:** With green, or color of your choice, work 1 rnd of dc around sq, having 1 st in each sc, 1 st in end of each row and 3 sts in corners. Slst to 1st st, end off. Weave in ends.
